

DETERMINE YOUR RING SIZE

1. PRINTING

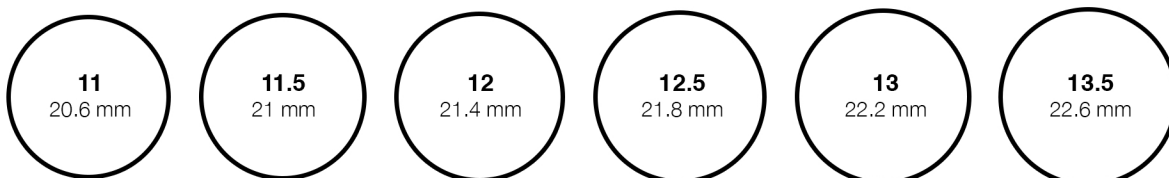

Before printing make sure page scaling is set to "none" or "100%".
Make sure the bar measures 1 inch or 30mm.

1 inch

30 mm

2. HOW TO MEASURE

Take one of your existing rings and measure it by placing it over the circles below.
Match the inside edge of the ring to the circle nearest in size.

3. NOTES

* Fit is a personal choice, your ring should fit your finger comfortably; snug enough so that it will not fall off but loose enough to slide over your knuckle.

* If your size falls between two sizes, order the larger size.

* If the ring is a wide band, order at least half a size larger.

* Measure your finger at the end of the day and when your fingers are warm (fingers are smaller in the early morning and when cold).

* This guide only works as a referencing tool, for an exact result, visit a jeweler in your area.
